Footnotes

12 of 12

¹Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up.

²S-Tune components are engineered by NISMO for the enthusiast that drives on the street. S-Tune components offer credible, measured increases in performance, but with an additional feature that the aftermarket can't match – each S-Tune component is covered by Nissan Parts and Accessory Limited Warranty, up to 36 months/36,000 miles if installed at time of vehicle sale (like any other Genuine Nissan Part or Accessory).

³NISMO R-Tune. These products do not carry any type of warranty and the following warning will apply: "This part has been designed and is intended for off-highway application only. The installation of this part on a vehicle intended for use on public streets or highways may violate laws and regulations relating to motor vehicle safety standards or emission regulations. Additionally, this part is sold "as is", without warranty of any kind whatsoever, express or implied, (including all warranties of merchantability or fitness for a particular purpose). The installation of this part could also void vehicle or other Nissan warranty coverage, or result in otherwise covered repairs being excluded from coverage. Refer to an authorized Nissan dealer or performance specialist for proper installation."
